

5th Annual HR Minds Forum

29–30 September 2016, Berlin, Germany

Novotel Berlin Mitte Hotel

In a global marketplace in which human capital is a crucial asset for success, HR plays a central role to assure organizations attract, retain and develop first-class talent. Despite today's agile environment, **enterprises have begun to use technology far and wide including HRM**. Get inspired by HR's forward-thinking leaders through their thought-provoking case studies and the latest practical insights that are guaranteed to inspire growth. **HR Minds** is a symposium of revolutionary HR professionals who are devoted to create thriving HR strategies.

The aim of the event is to deliver interactive debates and share experiences with abundant chances to engage with speakers, **network with peers and build relationships that will cultivate strategic discussions long after the forum**. Find out the latest HR trends and developments to help lead your organisation at the right direction.

The format of this year's forum will expand to a wide array of topics including: **mobile apps for talent acquisition**, vital role of **technology in HRM** and its future trends, **shifting paradigm of leadership**, innovative **gamification** tools, effective **organizational change**, the **Gen-Z** affect and many more.
